Docket Offc.  
Docket No H-122  
U.S. Dept. of Labor  
200 Constitution Ave., N.W.  
Washington, D.C. 20210

I am a smoker and I am writing you this letter because I am against your proposed ban on smoking. I think that it is wrong for you to try and take away our rights to smoke where ever we choose.

We smokers have given a lot to smokers over the years, and they're still not happy. There are some people that are going to complain no matter what you do. So why do we have to make ourselves miserable in hopes that they will be happy. They are going to complain no matter what you do.

Don't put a ban on smoking because then you will be infringing on our rights and we are not the ones who are complaining all the time.

The nonsmokers just need to lighten up and allow us smokers to continue to light up.

Sincerely

Shula Roser

*in the hospital*

P.S. During the winter, smokers are wheeled outside for a cigarette; students and workers are also forced outside to freeze just to have a cigarette. We are being blamed for our childrens illnesses and the illnesses of all non-smokers. I'm tired of being treated like a second-class citizen. It's time we fight back to keep what little rights we have left.
